MILA – MIAMI INTERNATIONAL LANGUAGE ACADEMY

MISSION

MILA facilitates the growth of students with a quality and tailored language program to best fit individual needs in an effort to empower students with confidence and success in the world.

GOAL

MILA's goal is to provide a nourishing environment which encourages questioning, critical reflection, personal achievement, and fluency in the English language.

METHODOLOGY

MILA's teaching methodology fosters communication and English fluency through emphasizing real-life situations at all instructional levels based on research about the communicative approach of teaching. The textbooks used in the classroom are current. They address the four skills of reading, writing, listening comprehension, and oral expression in a practical and original way, encouraging and stimulating dialogue in the classroom through daily topics. There is an additional focus on pronunciation and vocabulary. In summary, MILA's methodology is based on emphasizing oral communication and the communicative approach.

Students will approach all the skills through context and build meaning together as a class, grammar will be taught through a context-based approach activating background knowledge. MILA's teaching methodology utilizes multimedia tools and interactive resources and creates a friendly and accepting environment to make students feel comfortable and confident enough to take risks expressing themselves in the target language.

MILA's differential is the fact that the students will be thoroughly involved in the American context, facilitating their practice of the language and thus their learning process. MILA's courses offer practical classes where what is learned in the classroom is applied to a real-life context that goes beyond class activities. This approach breaks down traditional learning barriers and gives each student confidence to communicate in a new language.

Learners who participate in the Business English Course will learn how to apply their English skills to typical Business situations. MILA's mission statement: MILA facilitates the growth of students with a quality and tailored language program to best fits individuals' needs to empower students with confidence and success in the world.

With this statement can be seen that having a business program would be in line with both our mission statement and the interests of our students since this could be tailored to our students' prior educational and employment background. Upon the completion of the course, learners will be able to write for a variety of business purposes, including e-mails, memos, and policy documents. Learners will be able to speak for a variety of business purposes, including presentations, pitches, and negotiations. They will also be able to listen and read for business-related content. It is a stand-alone course.

Admission Requirements:

- For existing students

Upon completion of the American English File - Book 5 in the general English program with a score of 70% or higher, students are eligible to enroll in the business English upper intermediate level.

- For new students

To be able to enroll in the business course without going through the ESL program, new students must take the placement test used for the ESL program, the student's result must be proficient level.

Rationale:

The Business English curriculum is a specialized curriculum which teaches specific content but ensures the practice of the language.

It's the difference between proficiency in social language and proficiency in academic or professional settings; the later taking more time for a student to demonstrate proficiency.

*The Business English Program is a rigorous program that requires the student to have a strong command of general English skills. If the student does not test at the appropriate level, s/he needs to go over the levels they test at. This is to ensure they have the pre-required skills necessary to succeed in this specialized course.

ACADEMIC PROGRAM POLICIES AND PROCEDURES

ADMISSION POLICY

Students must be 16 years of age or older. At the time the initial payment is made and the enrollment agreement, (which students are expected to adhere to) is signed, students take a placement test. The test determines the student's English Foreign Language (EFL) level, the result will be added to the student file. Students must score at one of the instructional levels available and offered at the school when enrollment is made.

Students also sign an Admission Terms and Conditions Agreement, and an Acknowledgement form verifying receipt and understanding of the International Student Handbook. Students who enroll after the start of a level are entitled to receive up to four hours of free tutoring to provide an opportunity to make up missed instructional time.

International Students must follow the rules of the F1 Student Visa.

PLACEMENT TEST POLICY

Prior to enrollment students are required to take a comprehensive placement test. The test progresses from simple to more complex questions. The test score determines the placement level in the program. Students must score at one of the instructional levels available and offered by the school to enroll at MILA.

The placement process includes an assessment of grammar, listening, reading, writing, and speaking.

For F1 and NON F1 students, MILA PLACEMENT TESTS must always be mandatory to determine students' level to start studying at MILA. Students may start answering MILA GRAMMAR PLACEMENT TEST. After MILA GRAMMAR PLACEMENT TEST is done, the points result will be checked according to the following score chart:

GRADING	SUGGESTED LEVEL
FROM 0 TO 10 POINTS	BASIC
FROM 11 TO 16 POINTS	PRE-INTERMEDIATE
FROM 17 TO 21 POINTS	INTERMEDIATE
FROM 23 TO 26 POINTS	PRE-ADVANCED
FROM 27 TO 29 POINTS	ADVANCED
30 POINTS	PROFICIENT

According to MILA GRAMMAR PLACEMENT TEST result, students may be answering another two tests MILA READING PLACEMENT TEST and MILA WRITING PLACEMENT TEST, the result will be checked according to the following score chart:

GRADING	SUGGESTED LEVEL
Up to 50%	If the student gets less than 50% correct answers on MILA READING/WRITING PLACEMENT TEST, then he/she must be checked on a level below than MILA GRAMMAR ENGLISH TEST result for the MILA SPEAKING ENGLISH TEST.
51% to 79%	If the student gets between 51% and 79% correct on MILA READING/WRITING PLACEMENT TEST, then he/she must be checked on the same level as MILA GRAMMAR ENGLISH TEST result for the MILA SPEAKING ENGLISH TEST.
80% or more	If the student gets 80% or more correct answers on MILA READING/WRITING PLACEMENT TEST, then he/she must be checked on a level above than MILA GRAMMAR ENGLISH TEST result for the MILA SPEAKING ENGLISH TEST.

MILA SPEAKING PLACEMENT TEST must be applied after GRAMMAR, READING and WRITING tests are done. MILA SPEAKING PLACEMENT TEST is an oral evaluation that aims to confirm whether the student's oral command of the language is coherent with the results obtained in the previous tests.

The level recommended is to be determined after evaluation of student's performance in the Oral Test (MILA SPEAKING PLACEMENT TEST) such as:

GRADING	SUGGESTED LEVEL
Up to 50%	If the student gets less than 50% correct answers on MILA SPEAKING PLACEMENT TEST, then he/she must be checked on a level below. For instance, if the test is PRE-ADVANCED to ADVANCED, student must be tested on INTERMEDIATE to PRE-ADVANCED.
51% to 79%	If the student gets between 51% and 79% correct on MILA SPEAKING PLACEMENT TEST, then he/she must be placed on the level tested. For instance, if the test is PRE-ADVANCED to ADVANCED, then the student must be placed on PRE-ADVANCED.
80% or more	If the student gets 80% or more correct answers on MILA SPEAKING PLACEMENT TEST, then the student must be placed on the level tested ADVANCED. For instance, if the test is PRE-ADVANCED to ADVANCED, student must be placed on ADVANCED.

Appeals Procedures - Students who feel that they have been misplaced and/or their current program of study is not in line with their academic objectives may appeal to the DSO/PDSO or Academic Supervisor. In these cases, the DSO/PDSO and/or Academic Supervisor will speak with the instructor and student individually and decide as to the best course of action for the student.

GRADING RATIONALE

Grading reflects a composite of the following factors: listening, reading, speaking, vocabulary, pronunciation, and writing as determined by the end of course level test.

GRADING POLICY

The student must pass the end-of-level test with 70% - 100 % to advance to the next level.

The Individual Student Report (ISR) compiles all grades from quizzes, progress test, and the end of the level test to periodically measure and monitor the student's learning objectives and outcomes.

In case that someone fails the end of level test by a few points, or in the case that a student passes all previous quizzes and the progress test but does not score at the end of the level test, the Academic Supervisor will analyze the data available and make the final decision on the case.

GRADING SCALE

- 4. Passed Outstanding Progress.....90% - 100%
- 3. Passed Good Progress..... 80% - 89%
- 2. Passed Satisfactory..... 70% - 79%
- 1. Not satisfactory- did not pass below 70%

The grading process includes information on an Individual Student Report (ISR) which documents student quizzes, progress test, and learning outcomes which are aligned with the goals and objectives. This report is updated after every quiz. The teacher will meet with each student to review student's progress and achievement of learning outcomes after the first quiz, the progress test, and the end of level test. Students also receive feedback from the teacher on their strengths, areas for development, and recommendations. Students can receive a copy of the ISR to keep upon request. The final grade for the course is determined only by the end of the level test and an average of all quizzes and middle tests.

Effort and other student behaviors can affect academic progress. Adherence to the Student Code of Conduct including regular attendance will positively impact academic progress. Students will be informed and counseled by the teacher at any time they fail to make normal and satisfactory progress. They can also be counseled by the academic supervisor. Options to improve academic achievement including up to four of free tutoring instruction and make-up work will be discussed.

ACADEMIC PROGRESS POLICY

Satisfactory Progress

A *passing grade* of 70% at the end of level test is required from any student to progress to the next level of their English studies. Students will be given a grade on their weekly quizzes, progress tests, and end of level test. In case that a student does not pass the end of the level test but does pass all the quizzes and progress tests with at least 70%, the student will be allowed to move to the next level with an official recommendation from their teacher. This case is only possible if the student passed the quizzes and progress tests at the time they were given. Students may not make up missed or failed quizzes/tests in lieu of passing the end-of-level test.

Unsatisfactory Progress

First Fail

Students who fail to pass their level by the requirements above will be required to repeat the course level again. At the midway point of the course, (the progress test), the Academic Supervisor will schedule a meeting with the students to revise their quiz and progress test scores. If the student is not making satisfactory progress (i.e., 70% or above on all quizzes and tests) they will be assigned a progress plan by the Academic Supervisor which will include mandatory tutoring and exercises as supervised by the Academic Supervisor.

Second Fail

If a student fails a level for the second time, they will be put on Academic Warning. The student will be required to repeat the level again and, the Academic Supervisor will issue a more rigorous progress plan. The student will then need to complete the progress plan for the entire second level.

Third Fail

If a student fails a third time, they will be asked to leave the program at MILA. If they are studying at MILA on the US Student Visa, they will need to refer to the US Department of Immigration for the consequences of not studying while being on a student visa.

Students may enter levels of the program on a weekly basis from week 1 to week 15 and may take vacation or be absent due to medical reasons (under medical excuses). However, if a student does not study for at least 75% of the classes, meaning, for instance, 16 classes out of 64 classes (for full 16 instructional weeks), he/she is not eligible to pass to the next level. MILA has as the following criteria to progress to the next level: obtaining 70% or more on the average grade and attending at least 75% of the classes of the level.

POLICY ON COMPLETION OF PROGRAM

All students on F-1 visas are required to inform the P/DSO of their intention to complete, extend or shorten their studies by the last week of their final period of study.

This means that the U.S. Immigration will be made aware that the student is no longer studying and is expected to leave the country. If you plan to remain in the U.S. to study at another institution, or for any other reason, you must inform your P/DSO to request a transfer.

POLICY AND PROCEDURE ON TRANSFER

If students plan to transfer to another school, they must provide the P/DSO with a transfer form and an acceptance letter from the new school. When students complete their studies at MILA, they have 60 days grace period from the date of completion to leave the U.S or transfer to another school.

All students are advised to obtain health insurance coverage. The consequences of not having health insurance or not having adequate coverage can be serious. Students may not be able to receive treatment or the treatment that is received can be extremely expensive. If illness occurs, failure to have adequate health insurance coverage can jeopardize a student's ability to meet financial obligations such as school tuition payments.

There are many risks associated with not having health insurance in the United States. Unlike many countries where health insurance is provided by the government, the United States do not guarantee medical coverage for any individual residing in this country, citizen, or non-immigrant visitor alike. The costs of receiving medical attention without medical insurance in the U.S. are typically extremely high and can become a financial burden to an individual if extensive medical treatment is needed. Therefore, MILA strongly recommends that students obtain adequate health insurance for the duration of their stay in the U.S.

Please refer to the STUDENT ORIENTATION for medical insurance and medical assistance referrals.

The Family Educational Rights and Privacy Act (FERPA) states that once a student registers at an institution, the student's educational record belongs to the student. The law further states that the student has the right to control disclosure of the educational record (even to parents). MILA must comply with FERPA, and to the extent allowed in compliance with FERPA, will be attentive to the need of parents (and other designated third parties) to have access to a student's educational record. Further information about FERPA can be found on the following website: <http://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html>
